EXPERIENCE

Web Developer / Mobile Developer   10/2022 – 07/2024
MNLeistung Inc.   Cainta, Rizal, Philippines

- Significantly improved our company website's performance and SEO, achieving a perfect Lighthouse score and reducing load time to 1 second or less, resulting in enhanced user experience.
- Collaborated with the GD and Sales teams to apply their funneling techniques, using modern technologies like Next.js and Tailwind.
- Successfully implemented dynamic job postings and integrated our HRIS APIs into the website, resulting in a more efficient job application process and better HR data management.
- Collaborated with the mobile team to transform Figma designs into functional mobile apps using React JS, Ionic, and Sass, while integrating third-party APIs.
- Developed and maintained 10 client websites, utilizing HTML, CSS, JavaScript, PHP, and WordPress with Elementor.

Jr Full Stack Developer (OJT)   03/2022 – 07/2022
TEMA Health and Beauty Products Trading   Pasig, NCR, Philippines

- Automated repetitive tasks for agents by creating digital forms with CRUD functionality, transitioning from paper to digital using HTML, CSS, JavaScript, PHP, MySQL, and Bootstrap.
- Enhanced the system's UI, implemented code splitting, organized the folder structure, and optimized code by removing unused and repetitive segments.

STRENGTHS

Strong understanding of HTML, CSS, and JavaScript.

Ability to create websites that are responsive across all devices and ensure cross-browser compatibility.

Ability to quickly learn and adapt to new technologies and frameworks.

Creative approach to problem-solving and resourcefulness in finding solutions.
